

January 29, 2020

To all international students of Mie University

Hidekazu Tomimoto  
Center for Physical and Mental Health

NOVEL CORONAVIRUS, designated as 2019-nCoV, emerged in WUHAN, CHINA at the end of 2019. Many cases have already been diagnosed in many countries including Japan. As infection may spread more, you should obtain the latest information, and please try for the infection prevention.

For reducing your risk of coronavirus, WHO recommends that:

- (1) Clean hands with soap and water or alcohol-based hand rub.
- (2) Cover nose and mouth when coughing and sneezing with tissue or flexed elbow.
- (3) Avoid close contact with anyone with cold or flu-like symptoms.
- (4) Thoroughly cook meat and eggs.
- (5) No unprotected contact with live wild or farm animals.
